As to the current war in Israel, our immediate focus is to help our employees, their families, and the Fiverr community to safety and support those who have been directly impacted by the deadly attack at the border. At the same time, we are focused on running the business and, as of today, there has been no major interruption or material impact to our operations and business activity since Fiverr's business is conducted primarily outside of Israel, and only a portion of our team is located in Israel.
